

ENDURA HUMMVEE

£45.99

SPECIFICATION Size: S-XXL / Colour: black, blue, olive green, camouflage / Liner Included / Contact: endura.co.uk

In terms of features, the Endura Hummvee are streets ahead of the competition, thanks to six pockets, two thigh-vents, waist and leg adjusters, a key fob and a belt. There's also a pair of six-panel Coolmax liner shorts clipped to the inside, handy since the main shorts are a little bulky compared to the others on test. There's reinforcement on the inner thigh and seat of the Hummvee, the two areas that see the most wear, and a water-resistant Telfon treatment. These are feature-rich, hardwearing, great value trail baggies.
