

ENDURA MT500JR SHORTS

■ Don't be fooled by the fashionable look of these trail shorts – they're tough, practical and built to last. And just like Endura's grown-up MTB shorts, they include a drop liner and a seat pad (although obviously scaled down!), as well as an adjustable waistband for added comfort. They're constructed from lightweight nylon and, as they're made by Endura, you can expect them to be pretty much bombproof. Available in black and in three sizes suitable for ages 5-12.
