ENDURA MT500 SPRAY BAGGY SHORTS £65

Weight 317g **Sizes** S, M, L, XL, XXL

Contact www.endura.co.uk

With only the seat and back of the legs constructed of a taped waterproof fabric, the rest is left to ventilate, breathe and stretch as you ride. This makes for the most comfortable pair of protective shorts we've worn. An elasticated waist combines with a belt to ensure easy fit, while zipped ventilators, leg adjusters and roomy hip pockets complete the package. We did have them out in heavy rain where the front half of the shorts got soaked pretty quickly and clung to our legs, but then if

BEST MOUNTAIN BIKE

"Great compromise for wet winter rides - breathable and comfy."

you want full waterproof then Endura produces them too.
