

ENDURA WOMEN'S HELIUM JACKET

£89.99

SPECIFICATION Colours: red, black, white • Sizes: XS-L • Contact: endurasport.com

This jacket has now taken up permanent residence in my pack. Why? It is waterproof, breathable and lightweight, and the cut is both flattering and practical, with sufficient length in the arms and back. With stretch side panels and an elasticated back with mesh venting, wind is kept out while maintaining that all-important slim silhouette. The asymmetrical zip gets a storm flap that continues up and over the top of the collar to prevent chafing under the chin, and stretch fabric at the cuffs makes it easy to take on and off. As the name suggests, it weighs next to nothing and fits into a teeny tiny stuff pack. At £90 it's great value too. Packable jackets don't get much better than this.
