

## ENDURA PRO PRIMALOFT

★★★★★ £129.99

---

**Weight** 250g **Sizes** S (tested), M, L, XL, XXL  
**Colours** Blue, black

---

**The close-fitting Primaloft Pro is a little different, using windproof panels filled with Primaloft's Gold insulation, which is great for maintaining and regulating body heat. It's not waterproof but does have a DWR coating for shower protection and remains warm when wet. Breathability is good and enhanced by laser-cut perforations on the rear. Stretchy windproof and breathable sleeves and side panels deliver a good fit, while one zip and two easy access pockets on the extended rear take care of ride essentials.**
